

From Barriers to Bridges:

Collaborating to Improve the Health of Migrant Farm

2019 Ontario
Migrant Farm Worker Health Forum

April 25-26, 2019 – University of Windsor

Abstract submission Form

Instructions

- Download or save this abstract submission form. Complete the form. Save it (pdf). Please label the file: last name_first name abstract (if submitting more than one abstract, include an abstract number)
- Prepare a Short bio in a word document. Please label this file: : last name_first name BIO
- Submit both documents in the same email to mfwforum@ohcow.on.ca with subject line: 2019 abstract submission

1. Identify your submission type (check the box)

- Oral presentations:** (20-30min) Research & Policy presentations and Experience/Practice-oriented presentations
- Panels** (60-90 min) are teams of presenters (three to five) bringing a variety of perspectives to a specific topic, initiative or experience. Panels should allow for a maximum of two thirds time for combined presentation time and one third for audience engagement. Each panel should have an organizer or lead (e.g. moderator); this person should submit the abstract and will be the contact person.
- Workshops** (60-90 min) provide a focused educational opportunity for participants and can follow a variety of formats, depending on their learning objectives.
- Collaborative sessions** (60-90 min) are facilitated, participatory sessions focusing on particular issues or topics, organized to discuss ideas, analyze challenges, and collaboratively build solutions. Each collaborative session should have an organizer or lead (e.g. moderator); this person should submit the abstract and will be the contact person.
- Poster Presentation:** Posters cannot exceed 6' by 3' in size and should be printed in landscape format.

2. Identify your Abstract track (check the box)

Research

Experience/ practice

Policy

3. Submission theme(s)

Please include up to three themes that are reflected in your submission. Review list of examples on the call for abstracts page.

4. Submitting author identifying information

Name:

Role/ Position:

Organization/ Institution or group affiliation:

Contact email:

Contact telephone number:

Are you a student? Yes No

Name of any co-authors or co-presenters who will actively present/ facilitate or contribute to your session:

5. Your Abstract

Abstract title:

All abstracts or descriptions should be 250 words or less.

Research and policy oral presentation abstracts should follow the format: background; aim; methods; results; conclusions; and indicate any potential conflict of interest.

Experience/practice oral presentation abstracts should include the objective(s) of the presentation, the description of the experience, and findings and recommendations, whenever relevant.

Panel/Workshop/Collaborative session abstracts should follow the format: objective(s)/learning outcomes, following the format 'By the end of the sessions, the participants will be able to...'; structure; participants; facilitation; and, targeted audience (if you feel the session caters to the need of a particular segment of attendants such as, among others, researchers, policy makers, community workers, migrant workers).

The format of abstracts for poster presentations is identical to the one for oral presentations belonging to the same track (research; policy; experience/practice).
