

Work Safely

Pesticide First Aid (Enclosed Spaces)

If you see someone inside an enclosed area who is unconscious or sick (ex: inside a greenhouse or mushroom house):

- **DO NOT ENTER**

- They may have breathed in pesticide, or something else, and you do not want to breathe this in.
- Call for help from someone who is trained in working with pesticides
- They will know how to put on a respirator to enter the area safely and get the person out.
