

Relative Efficiencies of Different PPE

It only works right,
if the fit is tight!

Efficiency bands distilled from published, peer-reviewed articles on quantitative fit testing under varying conditions. Range likely relative to fit and activity level.

Capture:	0%	50%	67%	80%	90%	96%
Fit Factor(FF):	1	2	3	5	10	25
Leakage:	100%	50%	33%	20%	10%	4%
